## **Rules and Regulations**

- 1. A team may consist of at most two students, and the participants may choose the teams as they wish.
- 2. Registration can be done at any point, but must be completed before submitting solutions to any problem.
- 3. The problems will be posted every alternate friday on the official website for Enumeration.
- 4. The participants are given a time of one week to solve and submit the solutions to the problems that have been posted.
- 5. A scanned copy /typed version of the solution(partial/complete) should be uploaded in the link that will be put up on the official website and will be active for a week from the date on which the problems have been posted. Note that only the first submission will be considered for evaluation.
- 6. Hand written solutions should be legible and neatly scanned with a proper scanning software and the scanning should be done in the portrait mode only.
- 7. Solutions will be graded on accuracy as well as rigour. If you wish to use a non-elementary/not well known theorem/lemma, please mail us and we will confirm if a proof of the same is needed.
- 8. Use of external tools such as graphing, coding, etc are prohibited.
- 9. The solutions will be evaluated and the scores will be updated in the leaderboard at the end of every two weeks so that the participants can view how they have fared against the others.
- 10. A sketch of the grading rubric, regarding common mistakes and points deducted will be posted at the end of every two weeks.
- 11. Contestants may not discuss or post solutions in any public/private forum accessible to people other than their teammate.
- 12. Any ties between the top 5 contestants at the end of the challenge will be resolved by an extra round of questions, if needed.
- 13. Participants who have chosen to subscribe to updates will receive emails about the same when a new problem is released.
- 14. All questions and clarifications should be mailed to <a href="mailto:enumeration.pravega@gmail.com">enumeration.pravega@gmail.com</a>.
